

Identity checking form

Before we can process your DBS disclosure, DBS Apply must be satisfied about the validity of your identity by requesting that an 'ID Checker' verifies it, by completing this form.

The ID Checker will need to complete the 'ID Checkers Details' section below to certify that they are a true likeness of your original documents.

If you cannot arrange for your documents to be verified by an ID Checker included in the 'ID Checker' list below, you can contact us to discuss further options.

Please read and agree to the following statement by ticking the box:

I understand that my identity cannot be verified by a relative or partner, or myself

What You Need To Do Next:

1. Refer to the email we have sent to you confirming which documents we require to support your application.
2. Complete this form with your details. Please note that it is a criminal offence to impersonate another person, assist in an impersonation of another person, or attempt to do so. This may result in fines and/or imprisonment. If we suspect you are impersonating someone else, we will report the matter to the police.
3. Ask an "ID Checker" to complete the "ID Checker" part of this form. They will then need to include details of the original documents and ID they have seen.
4. Upload a scanned copy of this completed form using the link provided to you in the documents required email that we have sent you.
